FYI re Melrose BID homeless services coordination. The Weintraub property suffered an encampment last Friday / Saturday so we will schedule a special 10 pm to 6 am shift this coming weekend to be sure that we address all of the time zones.

Went well with Officers Taff & Rodriguez. Some 15 or so contacts with positive results pending in a few cases. One man referred to DMH for voluntary psych evaluation and another being scheduled for transport home to family in Florida. Couple re-contacted a 3rd time for transport home. Resource lists & cards distributed.

Am Ap alley campers given list & card & instructed to move off of private property NOW!! No current activity to report in alley at 7600 block/Curson near Denny's residence. Some future calls from needy folks expected.

Respectfully,

Chaplain Weller
